

Hydro at a glance

Hydro is a leading aluminium and renewable energy company that builds businesses and partnerships for a more sustainable future. We develop industries that matter to people and society.

Since 1905, Norway-based Hydro has turned natural resources into valuable products for people and businesses, creating a safe and secure workplace for our 33,000 employees in more than 140 locations and 40 countries.

Today, we own and operate various businesses and have investments with a base in sustainable industries. Hydro is through its businesses present in a broad range of market segments for aluminium, energy, metal recycling, renewables and batteries, offering a unique wealth of knowledge and competence.

Hydro is committed to leading the way towards a more sustainable future, creating more viable societies by developing natural resources into products and solutions in innovative and efficient ways.
